14th January 2022

Dear Parent/ Guardian,

At this point in time we are planning for our Mock Examination for exam years. It is our intention to run Mock exams as per usual. This decision has been taken very much with our students in mind. It is essential that they are given the opportunity to sit exams in similar circumstances to those that they will encounter in the actual State exams in June. Mock exams will commence for Third years on Wednesday 9th of February and will run until Friday 18th. Students will have school as normal on Monday 7th and Tuesday 8th.

Exam fees cover the purchase of examination papers, external corrections and all exam stationary. This should be paid through the schools easypayments system, click here for the [link](#). We would appreciate it if all fees could be paid by February 1st.

- The fee for Junior Certificate is €115

Exam timetables can be accessed [here](#) they will also be available on the Third Yr. Google Classroom Page. The structure of the exam timetable will mean that students may not be in school for full days during these two weeks. If students do not have an exam for a particular day or exam session, we would encourage them to study at home. We will provide a study room for those that cannot study at home and we would ask that student indicate whether or not they wish to avail of this facility by completing the attached google form.

All students must complete the [Study room sign up](#) form even if not availing of study rooms at any point. The completion of the form is an indication that you consent for your son/daughter to stay home and study on the days/sessions they do not have an exam.

We will be in touch again closer to the exams with regard to guidelines around exam etiquette etc. As mentioned previously students should be following a study plan, please review the guidance given during Study Skills Week. It is important that students look after themselves on the run up to exams. This [HSE link](#) gives advice on managing exam stress and looking after your wellbeing. Please remember that our Guidance Team are here to support our students as they prepare for their mock exams and beyond.

Kind regards,

Jean Ryan
Principal
