Dear Parent(s)/Guardian(s),

On Friday 25<sup>th</sup> of November all 3<sup>rd</sup> year students will sit the My Aptitude Assessment.

Over the course of the two hour session they will complete an interest-based questionnaire and norm-referenced aptitude test. These psychometrically validated interest and aptitude tests allow students to understand their strengths and match them to future pathways.

After the assessment students and parents/ guardians have access to their own personal portal where they will receive an in-depth analysis of high interest career areas, strengths, skills, abilities and how these will relate to their subject choices for the Leaving Certificate programme.

An information evening for parents of 3<sup>rd</sup> years will be held in the coming weeks (date and time will be confirmed by a text from the school) to help parents and students understand the feedback from the assessment and how to apply that to subject choice for the Leaving Certificate programme and Future pathways.

The assessment is computer based. Students are required to bring headphones/earphones to complete the assessment. As this will be the only date that this assessment will take place for 3<sup>rd</sup> year students, we strongly advise attendance.

If you have any further queries please contact a member of the Guidance Counselling Team.
