Dear Parent(s)/Guardian(s),

On Monday 28th of November all 5th year students (that signed up for and paid for the My Aptitude Assessment) will sit the assessment from 8:50 am to 10:50am.

Over the course of the two hour session they will complete the interest-based questionnaire and norm-referenced aptitude test. These psychometrically validated interest and aptitude tests will allow students to understand their strengths and match them to future pathways.

After the assessment students and parents/ guardians have access to their own personal portal where they will receive an in-depth analysis of high interest career areas, strengths, skills, abilities and how these will relate to their future choices after their Leaving Certificate programme.

An information evening for parents of 5th years will be held in the coming weeks (date and time will be confirmed by a text from the school) to help parents and students understand the feedback from the assessment and how to apply that to subject choice for the Leaving Certificate programme and Future pathways.

The assessment is computer based. Students are required to bring headphones/earphones to complete the assessment. As this will be the only date that this assessment will take place for 5th year students, we strongly advise attendance.

If you have any further queries please contact a member of the Guidance Counselling Team.
